Logistics are still being worked on, but the plan is to have the pilot project plan up and running soon. She noted that the provider participation is very important and critical to this pilot since our focus is on those that are being supported and served residentially.

Sage Squirrel Consulting, LLC (SSC) has drafted a strategic plan which is based on data collection efforts within our Agency and among those we support, to include their families and guardian providers. Currently, SSC is collecting data through public comment from other state agencies and partner organizations. Dr. Davis petitioned those listening to please provide feedback on the drafted plan by August 23rd. Lastly, SSC will be visiting South Carolina in October to provide governance training for our Commission and executive team members.

Old Business

A. Ongoing Projects List Update

Commissioner Thomas noted that there are some issues with some of the questions on this document; therefore, he is withdrawing his motion from the last Commission meeting and delaying staff presentation of this document for at least six months. Commissioner Malphrus would like the Commission to consider making a priority list instead of presenting all the answers at one time. Commissioner Thomas' motion to delay for six months was seconded by Commissioner Kocher and unanimously approved by the Commission. Not part of the motion, Commissioner Thomas asked if agreeable with the staff, the list could be prioritized as Commissioner Malphrus stated and presented even earlier than six months, if possible. Ms. Manos reminded everyone that at the beginning of the year, the Commission voted to continue funding the Centers at the previously approved amount of \$28,000 per guarter, per Center (\$112,000/guarter). Approval of the funding was granted for one year, with an update to the Commission provided six months from the initial approval date. Since January, a new HASCI Waiver service, Independent Living Skills, has been added. This addition is expected to assist providers to attract additional participants and generate additional funding for the Centers. Lastly, Ms. Manos stated that because of the population and the fact that a Center does not have a ton of people since there are not a ton of people in the area, the Centers may require an extension of state funding if they are continued in January. Commissioner Thomas referenced what he believed to be a Legislative Audit Council finding regarding these HASCI Drop-In Centers. Staff will work with Commissioner Thomas to research the finding to make sure we are addressing all possibilities for those with Commissioner Malphrus has requested another spinal cord injuries. three-month update. (Attachment E)

New Business

A. Case Management Services Solicitation

Ms. Manos informed the Commission that the Agency is experiencing access problems in case management, particularly around consumers who are in extreme crisis (i.e., consumers being dropped off at the hospital and being left there; people that have no place to live, etc.). This Solicitation asks for current case management providers who are in good standing and who have a high score to submit a proposal to carry a caseload of no more than 15 people per region. Commissioner Thomas spoke about some of the consumer issues he has been faced with to include but not be limited to gaps in communication, cracks in the system, etc. Ms. Manos responded by stating that the Agency is well on its way to helping solve a lot of systemic issues through the Strategic Planning Initiative. The Agency is working hard to help with improving the service delivery for our consumers. Commissioner Thomas made a motion to approve the Solicitation for Intensive Care Coordination Services as presented; this motion was seconded by Commissioner Woodhead and unanimously approved by the Commission. (Attachment F)

August 17, 2023 August 17, 2023 August 17, 2023

(NEW)

Applicability: All DDSN State Employees

THE LANGUAGE USED IN THIS DOCUMENT DOES NOT CREATE AN EMPLOYMENT CONTRACT BETWEEN THE EMPLOYEE AND THE SC DEPARTMENT OF DISABILITIES AND SPECIAL NEEDS (DDSN). THIS DOCUMENT DOES NOT CREATE ANY CONTRACTUAL RIGHTS OR ENTITLEMENTS. DDSN RESERVES THE RIGHT TO REVISE THE CONTENT OF THIS DOCUMENT, IN WHOLE OR IN PART. NO PROMISES OR ASSURANCES, WHETHER WRITTEN OR ORAL, WHICH ARE CONTRARY TO OR INCONSISTENT WITH THE TERMS OF THIS PARAGRAPH CREATE ANY CONTRACT OF EMPLOYMENT.

PURPOSE

A provision in the State Appropriations Act authorizes The South Carolina Department of Disabilities and Special Needs (DDSN) to replace personal property of an employee that has been damaged or destroyed by a person receiving services through DDSN. The replacement of personal property may be made if the loss has resulted from actions by the employee deemed to be appropriate and in the line of duty; and if the damaged or destroyed item is found to be reasonable in value and necessary for the employee to carry out the functions and duties of their employment.

POLICY

Reimbursement for replacement of damaged or destroyed items shall not exceed the limits per item as listed below, per incident. The State Director or designee shall determine whether a claim under this provision meets the necessary requirements. Nothing in the above-mentioned provision creates an entitlement in favor of the claimant. Reimbursement by DDSN is an effort to maintain employee

morale without an admission of liability. Pursuant to the statutory provision, DDSN has developed the following guidelines for reimbursement of employee claims.

GUIDELINES FOR REIMBURSEMENT

The following requirements must be met, prior to reimbursement:

- The property loss suffered by the employee must be found to have been caused by an act of a person within DDSN's care;
- The employee must be acting within the scope of his/her duties; and
- The affected item of personal property must be reasonable in value and necessary for the employee to carry out the functions and duties of his/her employment.

REIMBURSEMENT LIMITS

Reimbursement for loss under this policy shall not exceed the cost per item, per incident as listed. These amounts shall be considered as maximum reimbursement for a particular item. Generally, a reimbursable claim is limited to the cost, cost of repair, or replacement cost whichever is less. Claims for loss which coincide with an injury to the employee may be covered under workers' compensation provisions. All claims approved for reimbursement will be paid out of the designated budget where the employee claiming the loss is employed.

Personal property reimbursement schedule is as follows:

VEHICLE CLAIMS

DDSN will reimburse employees for loss or damage to their vehicle while located or parked at a departmental facility. Any claims over \$250.00 must be filed through the Insurance Reserve Fund under DDSN's General Liability Tort Coverage. A claim for reimbursement may be initiated by the employee by filing an incident report. The Regional Center Facility Administrator will then ensure the paperwork is sent to the Central Office Legal Division for processing. South Carolina law requires driver's secure personal insurance for vehicle damage.

CLAIM PROCEDURE

A claim for reimbursement in accordance with the provisions of this directive may be initiated by filing an incident report. This report shall include, at a minimum, the following information:

- A full explanation of the incident, time and place, which caused the loss or damage to personal property;
- The name of the residents involved;

413-12-DD August 17, 2023 Page 3

- The name of any witnesses; and
- A description of the damaged or destroyed personal property, to include pictures, receipt for replacement item or two (2) estimates of the cost of replacement or repair, as appropriate. The damaged item must be made available for evaluation.

Claims should be submitted as soon as possible after the incident. Late claims may jeopardize the investigation of the claim and reimbursement. Submission of false claims may subject the employee to disciplinary action.

Regional Centers

The Consumer Supports Division shall immediately forward the claim to the DDSN Regional Center Facility Administrator for review and approval. Upon approval, the Facility Administrator shall submit the request to their local Finance Department for processing.

Central Office and Autism

On behalf of the employee, an Executive Management staff member shall immediately forward the claim to the Central Office Finance Department for approval and processing.

PAYMENT

A claim report, the DDSN Regional Center Facility Administrator's or Executive Management's approval, and the designated Finance Department's decision shall constitute the supporting documentation for the financial transaction and will procure a check for the approved amount.

LIABILITY

This procedure may be changed, modified, or terminated at any time by DDSN. No rights to claimants or their successors will accrue pursuant to this provision; nor will any action taken under this provision be subject to appeal. This procedure does not in any way affect an employee's right to file a claim against DDSN or the State pursuant to the State Tort Claims Act. The sole purpose of this provision is to gratuitously address employee property damage in a fair and consistent manner.

Monthly Commission Meeting Update for Commissioners Constance Holloway

- Good morning, everyone. Thank you for giving me a few moments to talk about the exciting things we've been doing.
- This month, Midlands Center has a couple of staffers they would like to shoutout for our employee spotlight.
- Evelyn Watts is a Food Service Specialist III and has been with Midlands Center for 40 years. She is one of the most dedicated staffers and goes above and beyond to ensure that the units receive their required daily meals, supplements, weekly deliveries. She shows great confidence and knowledge of the Food Service Department and is highly passionate, hardworking, and humble!
- JaHoward Williams, is a DSP II in the Juniper unit and has been with Midlands Center for more than four years. He is also very dedicated and dependable. He allows consumers to be independent by offering them choices for activities and helping them realize the freedom and opportunities they have. During the exit conference for a recent Recertification survey, the team leader for the survey praised JaHoward for his positive consumer interactions.
- We appreciate both of these staffers for their dedication to consumers at Midlands.
- Next, I'd like to cover some agency updates, as well as some of the fun and exciting things we've been doing.
- Our Employment Services team has hired three new Post-Secondary Transition Coordinators to serve the state. They collaborate with other state agencies to assist students with achieving their goals by facilitating seamless transitions, for eligible students from high school to adult life, by providing the necessary information, referrals and support to promote positive post high school outcomes.

- Additionally, we are continuing to see updates in projects across our regional centers. At Coastal, we are completing a \$31,000 project to replace the floor in the autism facility, as well as a \$42,000 floor replacement in the B2 administration building
- At Midlands, projects include a \$78,000 dental clinic repair, as well as a \$31,000 mesquite ceiling repair and replacement. And at Pee Dee, we have a \$21,000 project to update the front security gate.
- Lastly, at Whitten, we have an \$87,000 project to renovate bathrooms, a \$92,000 roof replacement project and we're replacing lighting in building 205 at a cost of \$35,000
- Our Autism Division has continued training law enforcement, including a recent training with Rock Hill Police Department. Director Stephanie Turner also collaborated with Becky Peters from Employment Services on attending a back-to-school event hosted Lexington 2 and passed out helpful information on our services those who attended.
- In other news, DDSN staff will be completing our agency accountability report for the SC legislature within the next month. Last year, DDSN staff spent a lot of time refining measures to report on for FY2023, so we expect the process to be smooth and to shine a positive light on the agency's progress over the last year.
- I'd also like to quickly mention next month's golf tournament, which is put on by the Parents & Guardians Association of the Coastal Center. The center is fortunate to have a great parent's group and this annual tournament is their being fundraiser, with all proceeds going to benefit our consumers.
- The tournament is Saturday, Sept. 9 and we have been promoting it in the Charleston area, as well as on DDSN's social media channels.

- Lastly, I'd like to note that we will be hosting four meet-and-greets with our DSN Boards this fall at our Regional Centers. The goal of these meetings is to increase communication so we're better able to understand and assist with their needs.
- The first of these four meetings is scheduled for next month at Whitten Center. We look forward to hearing from all our boards.
- This is all I have for now, but I am happy to answer any questions. Thank you!
